It is with absolute pride that the Board of Directors, Membership and Staff look toward August 06, 2002. *Why? You may ask.*

The Jamaican Canadian Association (JCA) will celebrate her 40<sup>th</sup> Anniversary of which we are all justly proud.

On that date in 1962, a number of Jamaicans decided that, being away from their homeland as she gained independence from Britain, should in no way prevent them from being able to participate. That said, they brainstormed, put heads and hearts together and called themselves, "The Jamaican Canadian Association", forever sharing their birthday with the birth of Jamaica as a nation. *A wiser decision it could not have been.*

With the actual blood, sweat, tears and finances of the founders, this Organization has moved from very humble beginnings to being the only Community Centre, owned by Jamaicans in the nation, offering Social Services, Educational and Culturally sensitive programs to people from the entire Caribbean, Africa and various other nations. Since then, the Organization has grown from renting halls for various functions and for office space from which the services were offered; *(one of their first office location*

## 40 Years of CARING AND SHARING

...THE LONGEST JOURNEY BEGINS WITH .... THE FIRST STEP...

*was on Lombard Street, above a Liquor Store, directly across from the Coroner's Office oh, the "duppy" stories they mu-st have shared), to being the owners of 3 different buildings. The last of which is now one of the most prestigious buildings in the City of Toronto, located at 995 Arrow Road. Some comments by visitors are emphatically stated as, "this is so impressive", "this is a diamond", "this is the best kept secret in the city". All true statements!*

The JCA has been on the cutting edge of many programs and ideas with the sole intent of advocating for those who are unable to advocate for themselves. JCA has served people from around the world. As long as there is a need that has to be met, the JCA can be found, caring, sharing and serving. Many immigrants have been given the support they needed to set their feet firmly on the ground by the JCA. Serving people who have been marginalized for reasons as

country, speaking with an accent or just being black (now called "ethnic") has been one of the issues where JCA has had to literally "take the bull by the horns" in order to advocate for those who have been targets. We make no apologies

As we celebrate throughout this year, we urge you to stand with us. Our major fundraiser for this year is really a drop in the bucket to those who believe in helping those who endeavour to help themselves. We have asked that each individual donate \$1.00 for each year of the

Association's existence a total of \$40.00, which we will direct solely to the mortgage payment. (We will gladly accept larger or smaller donations) *"one, one cocoa full basket"* has basically been the working theme of this building fund.

Thank you for your dedicated support and continue to "walk the million miles with us".

Since our last issue, the Car Raffle was launched, we held our second hugely successful forum on Reparations, and celebrated International Women's Day to name a few. The JCA has been quite busy to say the least and continues to be at the forefront of community building events. We thrive on social consciousness and togetherness.

With the upcoming AGM, some positions on the board are up for election. One such committee is the Youth Committee Chair an extremely important and necessary position. The Youth Committee is involved in the continued growth of the Organization and pursues constant betterment of young men and women through the planning and execution of various activities like job skills seminars, career fairs, cultural shows and sports clinics. So if you desire to be a role model, or you know anyone who would be interested in leading the Youth Committee as a role model, please contact the JCA at 416-746-5772 and ask for elections information. A Special thank you to Patrick Chambers who led the youth committee for the past 2 years and is now running for Education Chair.

As the elections are fast approaching, we ask you to read our elections section to get an idea of who is running for the different positions. Remember, you must be a fully paid up member of the Association to be able to vote.

The JCA continues its celebrations during this our 40<sup>th</sup> anniversary year. We continue to press full steam ahead with fund-raising efforts to help pay off our mortgage. The \$1.00 per year request (total \$40.00) per member, which was sent to all members and friends in January as a 40<sup>th</sup> anniversary fundraiser has been an enormous success, so far. We have raised close to \$10,000. This is still a far way from the \$40,000 we would like to receive, with every penny slated to go towards reducing the mortgage. If you wish to make a donation it would be greatly appreciated as every penny counts. We will graciously accept gifts larger or smaller than \$40.00. Contact the centre for more information at 416-746-5772. Remember it is tax deductible.

By the time the next issue of *In Focus* hits the newsstands summer will be in full swing. We encourage you to come out to many of our upcoming events like the Annual Walkathon, Mothers Day Brunch, JCA Annual Picnic, the Flag Raising Ceremony, Church Service and the Golf Tournament. However, one of the most important events will be the official 40<sup>th</sup> anniversary celebration Dinner Gala to be held on Saturday, August 10, 2002. You must get your dancing shoes ready for an exceptional night of food, great music, and special guest speakers. Tickets for this highly anticipated gala go on sale in June or for more information, call the JCA at 416-746-5772. This is guaranteed to be a sold out event. Until the next issue we wish you a safe and enjoyable summer.

of heart, they have to be addressed. Education, housing, policing, immigration, equity, etc. etc. are still on the agenda. These are all issues that continue to impact our community and paying attention to them is ongoing.

As I come to the end of one year at the helm of JCA, allow me to reminisce for a short while. What a year! This has surely been a challenging year for me personally and our community as a whole. Thank you for the opportunity to extend myself, serve the JCA and advocate on behalf of our community.

When I stepped in to finish the final year of a two-year term, it was very clear to me that while challenges were there, the teams that were still in place had kept JCA moving forward over the years. THANK YOU to all of our volunteers for the tremendous amount of work that you do to keep us on track. Thank you for realizing that the JCA as it stands is larger than any one person and it is that realization that enables our teams to work so well over the past year.

While we have a lot to be thankful for, we have to journey on. There are many things to be done and although some of the issues are not for the faint

By the time you receive this newsletter, we would have already had our 3<sup>rd</sup> Reparations Lecture: The Prison Industrial Complex: The criminalization of a Race, May 3, 2002. I hope you have been learning along with me as these important lectures take place. I promised that you would be educated on issues that negatively impact our lives and we are doing these lectures to help you focus your attention on some of the issues that we must pay attention to. We must remember; we must learn from it and we must stand up and ensure that we are fairly treated. It might be hard for some to hear us say it but it is much harder for us to live with it. It is our responsibility to look out for our interest.

Young people these days are very impatient and our young people are no exception. We have to continue to work smart, leave paths for them to follow and encourage them to continue the struggle. We must hold

their hands literally and figuratively so that they can find their way. They are our future and looking after them is our duty.

Thank you for your support over the past year. I have enjoyed the challenges; the testing of my faith has produced more patience and the education has been superb. My strength has been reinforced, my hopes renewed and my fires rekindled.

A special Thank You to the Board of Directors with whom I have worked so closely. Your help has been invaluable and your dedication to the JCA admirable. THANK YOU.

To our newer members, we need you to become active volunteers. Whatever time you can give to us will be greatly appreciated. The JCA has enjoyed 40 years of dedicated service from our long standing membership but, they are getting tired and we are hoping that you will step forward and give us the assistance we need to continue working on behalf of our community.

# JCA WOMEN'S SPACE

The Women's Committee of the Jamaican Canadian Association (JCA) continues to meet its mandate and objectives in addressing issues impacting the lives of women's.

The Committee continues to submit articles on women's issues in the "Women's Space" of the JCA *In Focus* newsletter. The following articles were submitted:

## August, 2001 Christina Jenkins Howson:

Christina Jenkins Howson was born in Chatham, Ontario in 1867. She co-founded the Black paper entitled *Dawn of Tomorrow* with her husband James F. Jenkins, in London, Ontario in 1923. She assumed full editorial responsibilities when her husband died in 1931. Howson's position as editor of such a highly successful Black paper was an incredible achievement for a woman at that time. However, her accomplishments went far beyond her career as she was a devoted humanitarian, active in community and church affairs.

## November, 2001 Excerpts from Round Table Discussion on Atrocities Against Women.

## February, 2002 Rose Fortune:

This article was about Rose Fortune who came to Canada with her parents as Black Loyalists in 1763. They settled in Annapolis Royal.

Rose was well known and respected in the area. She had her own cartage company carrying baggage from the local docks. In 1873, Rose also served as the first policewoman in Canada. Although this position was selfappointed, she imposed curfew on children which was upheld and supported. A fifth generation granddaughter of Rose Fortune, Dr. Daurene Lewis, followed her famous ancestor's lead by becoming the first Black woman in North America to be elected mayor.

## ACTIVITIES:

### Round Table Discussion (RTD):

The first Round Table Discussion organized by the Women's Committee was held on July 27, 2001. The topic was "Atrocities Against Women" and presented by Theo Briscoe and Esther Marks (Committee members). Areas discussed included Violence/Abuse e.g. physical, emotional, financial, rape, torture and female genital mutilation. Equity issues were also discussed e.g. lack of opportunity for some women for education, employment and promotion. The video "Violent Night" was shown as part of the presentation.

### Persons' Day:

Members of the Committee celebrated Persons' Day on October 10, 2001, sponsored by Women's Intercultural Network (WIN). This event commemorates the Privy Council decision of October 18, 1929, which required the federal government to recognize women as

"Persons".

## Membership Forum:

On October 26, 2001 the Committee hosted a forum on the Free Trade Areas of the Americas. The format was a panel presentation followed by a "town hall" style discussion. The panel included representatives from government, labour, business and women. The forum was well received. Feedback from the evaluations was positive. Participants reported a high level of satisfaction and that the session was educational and informative.

The Committee has been requested to host the forum again at a later date to a wider audience.

## Film Presentation and Panel Discussion:

On November 23, 2001 the film "Journey to Justice" was presented. This excellent, enlightening, moving and powerful documentary pays tribute to those African-Canadian men and women who demanded change to discriminatory laws in Canada from the 1930's to the 1950's. The film focuses on their hardships and victories, e.g., they were denied service in taverns and restaurants. They gathered evidence against discrimination in housing and challenged Canada's immigration policy. They pressured the Ontario Government to uphold Fair Accommodation Practices laws, they organized the Black delegation which helped to ensure Fair Employment Practices in Ontario. They also played a significant role in reforming Canada's biased immigration policy.

The panel discussion which followed was lively with a high level of

participation. Participants found the film challenging, educational and informative. We had an attendance of 57 persons; youth and children were also represented.

Special thanks to the Gleaner Company (NA) Inc. for sponsoring the event, and members of the Planning Committee which included representatives from Education, Fundraising and Women's Committees.

## International Women's Day (IWD) Celebration:

The Women's Committee, in association with Women's Intercultural Network (WIN) celebrated IWD on March 7, 2002 at the JCA Community Centre. Guest speaker was Dr. Karen Mock, Executive Director, Canadian Race Relations Foundation. Dr. Mock gave a powerful and thought provoking presentation on Women, Human Rights and Peace. WIN presented its annual IWD awards. The Vara P. Singh award to Lucy Grigoriadis and the IWD award to Raheel Raza.

The JCA Women's Committee presented their third "Women Recognizing Women" programme. This year twenty JCA women received certificates of recognition for their significant contribution to the organization over the years. This was another successful event with 250 in attendance from diverse cultures.

WIN and the Women's Committee would like to thank the JCA Board, Building Committee, staff, membership, and the Canadian Human Rights Commission and all others who contributed to the success of this function.

## Women's Committee Rap Session/Round Table Discussion:

The second Round Table Discussion on Women and Work was held on April 5, 2002. The presenters were

Daphne Bailey and Sheila Raymond (Committee members). The presentation focused on the history of women in the workforce, traditional women's jobs and roles, and the shift to some of the male dominated jobs, division of labour, pay equity issues, some of the barriers women face such as family constraints and in the workplace, e.g. harassment and lack of opportunities to advancement and promotion. The value of volunteer work by a large number of women was also discussed. The presentation included a video clip from the movie "Working Nine to Five" which substantiated some of the areas discussed.

Winter was dispensed with on March 20<sup>th</sup> and spring arrived on March 21<sup>st</sup>. Due to our warmer than usual winter, I am quite sure many of you have stored away your winter apparel a little early but had to dig them back up because winter decided to cut into spring time. However, the first part of April gave us a taste of summer. I wish you a healthy and enjoyable summer when it comes.

As I comment on the recent warm weather I am writing this article from my hotel suite in Cuba, Valadara to be exact. Cuba is a very interesting country to visit, as the people are very friendly and co-exist rather peacefully. Crime is almost non-existent in Cuba. It was surprising to see the vast amount of old American cars still on the roads. Many of the cars date back to the 1950's and many of the older people still use a horse and buggy to run errands very similar to the late fifties in rural Jamaica.

I traveled to Cuba with the JCA's Seniors group. You should be aware that they are a very dynamic and active group of people. They are always on the move and going places. Last December they went on a Caribbean cruise and now Cuba, not to mention the local trips in between. Eula Smith is

the seniors and all of her endeavors have been successful. I would like to take this opportunity to congratulate and thank Eula for her tireless effort and commitment to the seniors group.

Let me now take you to Jamaica. I believe that many of you have got one or more savings accounts or term deposits set up at a bank in Jamaica. What you may not be aware of is that the revenue department is holding on to twenty-five percent of the interest you earn. It is called 'withholding' tax. As a resident of Canada you should be paying only fifteen percent and if you are a resident of the United States or England the rate is twelve and a half percent. I am still waiting on a logical reason for the disparity in rates between these countries. In the

mean time, if this affects you and you would like to seek adjustment on your tax, you must write to the tax office in Kingston, Jamaica at 'Tax Office, 116 East Street, Kingston Jamaica.

It's golf time again!! The JCA's annual golf charity classic will be held on Saturday August 17, 2002.

The venue is Cardinal Golf Club, the same as last year. Last year's tournament was an astounding success but we want to make this year even better. You can help by soliciting or donate a prize. If you wish to participate in the tournament please register early, as space is limited. This years launching will be held on Friday May 10<sup>th</sup> at the centre between 6:30 PM and 10:00 PM. At this time you can also register. We will need volunteers for the actual day of the tournament and ask that you call the centre for further information if you are interested.

Talk to you in a few months and once again have a safe and enjoyable summer.

Regards,

Patrick Chambers

dents along with presenters from the police force, paramedics, aviation department, the army, medical fraternity, educators and journalism. We are currently planing our second annual cultural fashion show and dance.

If I am elected as chair of the education committee I will try to have this committee work more closely with the youth committee. The intent is to solidify our efforts to prevent duplication and thus become more effective.

Professionally I am educated as a Civil Engineer, however I am currently an entrepreneur both in construction and the financial industry.

## LIFE LESSONS FROM BOOKS & MOVIES

### Black Actor & Actress win Oscar....and it's about time

By: Carol Plunkett

2002 was a remarkable year for Black Actors & Actresses in the Film industry. On March 24, 2002 Denzel Washington won Best Actor for the movie "*Training Day*", Halle Berry won Best Actress for the movie "*Monster's Ball*" and Sydney Poitier won a life time achievement award. Sidney Poitier was the only other Black actor to receive a Best Actor academy award in 1964 for the movie "Lilies of the Field", Halle Berry was the first black female actor ever to win an academy award.

There is speculation about the coincidence of all 3 coveted awards being given out to black actors this year, especially in the case of Denzel where many argue he should have received an Oscar years ago for his portrayal of Malcolm X. Many felt Denzel's role in *Training Day* portrayed blacks in an extremely negative light. If you want to form your own opinion, head down to your local video store and rent Malcolm X or *Training Day*. Although the subject matter in each film is entirely different, both films are equally entertaining....We must remember movies are purely entertainment and as blacks we can choose to either

perpetuate the stereotypes or ignore them.

Ultimately, these awards mark a turning point for blacks in the motion picture industry and will give hope to all future black Actors and Actresses.

#### Book Review

Book: *The Measure of a Man*

Author: *Sydney Poitier*

Published: 2000

The 'Measure of a Man' is the detailed autobiography of renowned actor, Sidney Poitier. The book starts with Sidney Poitier in his humble beginnings on Cat Island in the Bahamas and then moves on to his celebrated life and acting career in America. The autobiography takes us on a detailed path of Poitier opening doors for black actors in Hollywood. Since launching his career in the forties, Poitier has taken the black performer away from typical subordinate roles and led them into leading roles. The book also covers Poitier's early financial woes and troubled personal life. Both experiences have given him strength and longevity in the entertainment business. Essentially, Poitier's life's journey has allowed him to write an eloquent biography where he can give critical insight as to what it takes to be successful in the movie business and how to measure ones overall success in life.

The book is a must read, and can be purchased at your local bookstore or reserved for pickup at your local library.

seeds removed**

Heat the remaining tablespoon of butter or margarine in the skillet and sauté the shrimp until they are pink. 6.
